

『2024 Promising Student Start-up Team 300+』

To discover and nurture entrepreneurial talent with an entrepreneurial mindset, we would like to invite all students (of elementary, middle and high schools, students outside the schools, undergraduates (graduate students)) to participate in “Promising Student Start-up Team 300+”, focusing on entrepreneurial education by growth stage and we look forward to seeing your active interest and participation.

March 29, 2024

Deputy Prime Minister and Minister of Education

I Overview

Purpose

- To inspire the entrepreneurial spirit of students across the nation with innovative ideas and technologies, and to foster a nationwide entrepreneurial culture

Contents

- To identify promising student-led start-ups and provide them with tailored support at every stage of growth to create successful business models
 - Provide customized education and mentoring to start-up teams at different growth stages through three tracks (Value-Up Track, Grow-up Track, Preliminary Track)
 - To discover and nurture outstanding international student startup teams with domestic and foreign market-based business ideas, run a separate International Student Track within the Value-Up Track

- To discover and nurture 2-year junior college student startup teams to respond to regional extinction and lead regional economic revitalization, **prioritize in selecting students from junior colleges in the Preliminary Track**
- Select **35 promising student startup teams** for the Integrated Final of the interministerial start-up competition 『Challenge! K-Startup 2024』

※ The Value-up Track of 『2024 Promising Student Startup Team 300+』 serves as the preliminary round (Student League) of 『Challenge! K-Startup 2024』 and only teams selected from the Value-Up Track (General/International Students) will be eligible to advance to the Finals.

Hosted and Organized by

- (Hosted by) Ministry of Education
- (Organized by) National Research Foundation of Korea, Korea Entrepreneurship Foundation
